

MOV4 Prow

Better signage in village to PROW'S  
ie- decent signs  
to Daeda wood  
From Hempton Road  
through Daedling even  
interpretive panels.

Footpaths that  
are diverted/  
developed around  
should AVOID  
going through  
residential areas  
(New development)

As well as Planning  
Concerns Council  
Should be looking  
at the WRAASTM...  
at the same time as  
any Planning consent  
will put pressure  
on Strategists & FACUIMS.

Measures to prevent  
non parishioners  
parking in the Market Place  
wd be welcome, tho this  
could mean parking places  
in front of people's homes  
eg Goose Green, may  
not be taken (as they

are on Market days,  
for instance.
