

## Hou4

Encourage more future proofed "eco homes" rather than designs to preserve in Aspice..  
ie. modern eco homes built with a nod back to the Ironstone houses.

AREA PLAN  
FOR DEVELOPMENT  
IF ALLOCATED  
WHERE ARE  
THEY??

## Hou. 3 & 4

All good but would like more detail of where houses are going

I agree with the basic plan - care must be taken to protect the character of the village both in use of bricks and type of dwelling and with a careful eye to the historic buildings and conservation area.

Can you please undertake a proper site assessment process to clear up this mess of contradictory, nimbby-lead policies.

Like the strong Reddington connection for affordable housing. And the general gist of the ideas brought up from the local community.
