

COMMUNITY.

Comm 6

A developer would have no difficulty in using this policy to support an application on any site in Deddington.

This policy should not go forward

Comm 7

This is another policy that could give developers carte-blanch and should not go forward.

6 WHERE? !!

Centre already accessible therefore seems totally irrelevant

6 Village Centre

"Should NOT be encouraged!"

No available parking for one

DED COMM 6

The Village centre is accessible to all parts of the compass; further development (implied) would crowd the existing well knit centre

COMM 7

Hard to tell why this isn't "Housing".
