

I agree with these. They reflect the way

TRAFFIC

this as it is in line with the Village Survey.

minor increase in traffic.  
I support these policies

'should seek' weasel wording very easy to get round.  
Propose 'shall' or 'must' in 1st sentence of MOV 1

Traffic in and through the village is a serious problem. A village car park close to the centre is urgently needed. Parking in the market place should be time limited (except for nearby residents with parking licences). The village car park could be sited in Earls Lane with pedestrian access to the Village centre PTO

A BIG thank you to everyone who has worked so hard on the Plan, Survey & this consultation!!
