

COMMUNITY 2

We have been coming to the Windmill centre for my daughter's ballet lessons for 7 years. We greatly value the centre, however it is very outdated and could do with being refurbished to a standard fit for the 21st century! Really make this centre fit for the village.

Castle ground should be used more for children in the village -
Playground - Football
sport

I DO NOT
support these policies as they DO NOT conform to the Village Survey.

Comm 3.
Update facilities in
Aitton?

Developments can never promote 'social inclusion'. That is down to people not building!!

What about some "downsizing" housing off Hudson Street - behind the bincom?
