

Community 12

This is not we
agreed with - it's
important to keep
green spaces in
the village

I do not agree with Policy
Comm 6 as it is not
based on the village survey.
The great majority of
those who filled in
the survey do not favour
housing estates in the
heart of our beautiful
village. The word *accessibly*
is a rock word for just that.

This makes it easier ⁽²⁾
for developers who will
quote it back to us.
All Deddington is
accessible and well
within the 1½ mile
daily walk recommended
by all health experts.
