important to

I agree with all  
these policies

Heritage assets  
should be protected  
as should the  
open spaces  
ENV

Narratives served  
are already under  
pressure. No  
development without  
improvement  
ENV 2

Impact of light  
pollution of great  
concern

ENV 4  
SHOULD BE LINKED

ENV 2  
There are sewerage  
systems that can  
be tailored for  
individual sites  
not reliant on
